We chose Lenox Village not only for the fabulous amenities, but more importantly for the community feel. As a physician specializing in Integrative Medicine, I have come to recognize the importance of the "village concept" to improving our overall health and well being. The ability to get out and go for a walk, meet friends for a healthy meal, or spend time getting to know your neighbors at the Saturday Farmer's Market, are just a few of the things we love about Lenox Village.

Dr. Cathy Stallworth, Resident at Lenox Village Town Center

I have been a resident of the Lenox Village Town Center since March 2009 and I could not be happier. The condos are gorgeous and the amenities are incredible. I have never seen such a nice fitness center in a residential building and the media room is unbelievable. The staff works hard to keep the building spotless and go above and beyond to make every resident as comfortable and happy as possible. I would recommend Lenox Village Town Center, without any hesitations, to anyone I know!

I moved to Nashville on my own at the end of the summer. I was worried about having opportunities to meet people and about learning to feel at home in a new city. Lenox Village was the perfect choice for me because the management works really hard to create a sense of community for its residence. All of the community events, restaurants and shops within walking distance make it easy to spend relaxing weekends just hanging out close to home.
